

# COLLEGE OF DUPAGE

## Dental Hygiene Program Associate of Applied Science Degree

Fall 2025

**Application Deadline: *February 3, 2025 at 5 pm***

**Due to the high volume of qualified in-district applicants and following COD policy, 100 percent of the accepted applicants have been in-district residents**

**Note:** Please see specific program registration or admission packets for detailed information on when to begin completing health requirements, drug tests, CPR, criminal background checks and proof of insurance submission. Timing varies depending upon either entrance to or participation in the clinical component of a given program. Funds paid to Edward Corporate Health or to a personal health care provider/ source, [CastleBranch.com](http://CastleBranch.com), insurance companies, and funds used towards CPR completion are not eligible for any sort of refund from College of DuPage if the required course(s) are not successfully completed.

Students are not accepted into this program until they receive official acceptance letters from the College of DuPage Nursing & Health Sciences Division.

**COLLEGE OF DUPAGE**  
**Dental Hygiene Program 2025**

**Application deadline is February 3, 2025 at 5pm**

WELCOME to the College of DuPage Dental Hygiene Program Advising Session.

The information included in this packet will assist you in following the guidelines for application to the Dental Hygiene Program as well as identify the scope of dental hygiene practice in the State of Illinois.

Discussion will include the following:

- Definition of a dental hygiene professional
- The scope of dental hygiene practice
- Admission requirements for the Dental Hygiene Program to include:
  1. Attendance of advising session
  2. Prerequisite courses required for application to the program
  3. General Education courses required for an Associate in Applied Science in Dental Hygiene
  4. The minimum number of merit points for all 4 science pre-requisite courses must be 12 or more. (See page 7 for Scale).
  5. Proof of Residency Requirement – You will be required to show proof of residency as part of your application
- Curriculum content of the program
- The selection process for admissions into the dental hygiene program
- Trends in dental hygiene and current salary information

I encourage you to ask questions while in attendance at the advising session.

If you have any further questions after the advising session, please feel free to contact me at (630) 942-2430 or [drummer@cod.edu](mailto:drummer@cod.edu), Barb Czahor at (630) 942-3253 or [czahor@cod.edu](mailto:czahor@cod.edu) or Marliene Tobin at (630) 942-3836 or [tobinm@cod.edu](mailto:tobinm@cod.edu).

Thank you,

**Lori Drummer, RDH, PHDH, M.Ed., Ed.M**  
Dental Hygiene Program Chair/Professor

Visit the [American Dental Hygienists' Association](#) for additional information about Dental Hygienists.

Please click on the following for the [Illinois Dental Hygienist Salary](#).

## Dental Hygiene Program Requirements

\*\*\*The following general education and prerequisite courses will be required for admission to and for graduation from COD Dental Hygiene Program. **Please note: no course substitutions will be allowed.** The minimum number of merit points for all 4 science pre-requisite courses (see below) must be 12 or more. (See page 7). In addition, **Microbiology, Chemistry, Anatomy and Physiology MUST have been taken within the period of February 2020 through February 2025.** Preference will be given to DuPage residents.

---

### Prerequisite Courses Needed Prior to Admission to the Program

\*\*\*These courses must be completed by February 3, 2025.

English 1101	English Composition	3 credit hours
Micro 1420+*	Microbiology	4 credit hours
Chem 1211 or 1551+*	General Chemistry	5 credit hours
A&P 1551 or 1571+ *	Human Anatomy & Physiology I	4 credit hours
A&P 1552 or 1572+ *	Human Anatomy & Physiology II	4 credit hours

\* The minimum number of merit points for all 4 science pre-requisite courses must be 12 or more.  
(See page 7 for Scale)

+ Courses with a grade of 'D' or lower are not accepted.

### General Education Courses Required to Graduate

*It is highly recommended that potential candidates complete as many or all of these courses prior to entrance into the program.*

Math 1102	Math for Health Sciences (or higher)	3 credit hours
Psych 1100	General Psychology	3 credit hours
Sociology 1100	Introduction to Sociology	3 credit hours
Speech 1100	Fundamentals of Speech	3 credit hours
Humanities***	Select a course which meets requirement for AAS Degree	3 credit hours
Global Multicultural Studies***	Select a course which meets requirement for AAS Degree	2 credit hours

\*\*\*Select a course which fulfills requirement for AAS Degree. Please refer to the [Student Planning Worksheet](#).

---

### Policies and Procedures

All Nursing and Health Science Division policies and procedures are found on our [Division website](#). It is the students' responsibility to ensure they have reviewed and understand the policies and procedures. The Nursing and Health Science Division reserves the right to change, at any time, without notice, these policies and procedures.

### Program Admission Preference

Preference in admission is given to residents of District 502 who meet the stated minimum acceptance criteria for the program. Priority for admissions are a) In-district applicants; b) Out-of-district applicants working full-time in-district (proof of in-district employment will be required each semester); and c) Out-of-district applicants including those students with a joint or chargeback agreement and International students.

Presently, due to the high volume of qualified in-district applicants and following COD policy, 100% of the accepted applicants have been in-district residences.

### Dismissal and Re-Admittance Policy

Please visit the Dental Hygiene [Policy & Procedure Manual](#) once admitted into program.

### Estimate of Student Fees

Please visit the [Program Costs webpage](#) for estimated fees.

## Admissions Checklist

All students applying for the Dental Hygiene program must have the necessary paperwork completed. It is the student's responsibility to oversee this process. *Begin the application process as soon as possible!* Admission into College of DuPage Dental Hygiene program is based on a **total Merit Score** which encompasses grades in the four pre-requisite science courses; scores on each section of the HESI exam, the number of General Education courses completed required to receive an AAS in Dental Hygiene. **Program prerequisites MUST BE completed by 5 pm on February 3, 2025.**

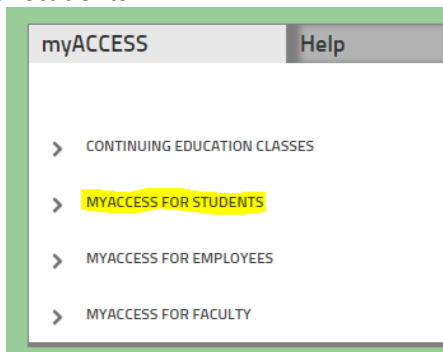

**NOTE: Admission Committees for all Health Science programs has the right to deny admission to any applicant that they feel is unable to fulfill these essential functions as described.**

**It is the applicant's responsibility to ensure that all materials listed below have been completed and received by the designated office, by the application deadline.**

- \_\_\_\_\_ 1. Attend the mandatory Zoom Dental Hygiene [Advising Session](#) and review the [Policy and Procedure Manual](#).
- \_\_\_\_\_ 2. If you have not been admitted to College of DuPage, please complete the **non-refundable** \$20 [College of DuPage General Admissions Application](#) online. **This application is for general admissions to College of DuPage only; it is not an application to the Health Sciences Selective Enrollment Dental Hygiene program.**
- \_\_\_\_\_ 3. To ensure that all of your eligible credits are evaluated towards the admission requirements, turn in **ALL** official Transcripts from institutions that you have attended. Immediately:
  - a. Submit your official transcript(s) to **College of DuPage, Office of Student Records**. **If College of DuPage is the only institution you have attended, you do not need to request official transcripts.**
  - b. Verify receipt of your transcript(s). Log into myACCESS account, click on 'myACCESS for Students', select '**My Profile**'. The receipt status of your transcript will be listed under '**Transcript Institutions**'.

NOTE: If you have an international transcript from high school or college, it must first be evaluated. Please visit the following website <https://cod.edu/records/international-transcript-evaluation.aspx> for details.

- \_\_\_\_\_ 4. Complete the **non-refundable** \$50 [Health Career Selective Enrollment Program Application](#) online by logging into the student portal at <https://inside.cod.edu>
  - Click on myACCESS for Students

- Click on the Health Careers Applications link

- Select Health Careers Application

- Select **Dental Hygiene Degree** when asked “What selective enrollment program are you applying to?”

**Once the application is submitted, you may not change the term or program. If you do not have a credit card, you can purchase a prepaid credit card from your local retailer**

\_\_\_\_\_ 5. Complete the [College of DuPage Residency Verification form](#) and provide proof of residency to the **Office of Student Registration Services** by e-mailing to [registration@cod.edu](mailto:registration@cod.edu) by the program application deadline date. You **MUST** send from your **@dupage.edu** e-mail address.

**Note:**

- **If this residency requirement has not been submitted to Registration by the program application deadline date, you will not be considered for admission.**
- **Separate Residency Verification Forms must be submitted for each program application.**

\_\_\_\_\_ 6. Microbiology, Chemistry, Anatomy and Physiology I & II. **MUST have been taken within the period of February 2020 through February 2025.** The minimum number of merit points for all 4 science pre-requisite courses must be 12 or more. (See page 7 for Scale). Grades of ‘D’ or lower will **not** be accepted. **Please note: no course substitutions will be allowed.**

\_\_\_\_\_ 7. **Take the HESI Admission Assessment exam** at the Glen Ellyn Testing Center **prior to the application deadline.** Visit the [Testing Center webpage](#) register for upcoming test dates. The test will take approximately 4 hours to complete. Please plan accordingly.

Your first step towards taking the HP-HESI exam is to email the Testing Center at [academictesting@cod.edu](mailto:academictesting@cod.edu) for payment information. The Testing Office will then send you information on how to pay for the test. You will actually pay for the Evolve test. Within 2 business days, you will receive an email from the Testing Office on how to register for the test.

For more information about the exam and how to prepare visit [Admission Assessment Exam Review book](#)

You will be tested in the following areas: *Reading Comprehension, Vocabulary & General Knowledge, Math, and Anatomy & Physiology*. You will also complete the Learning Style section, but this section will not be awarded any merit points. **The minimum number of total merit points for all five HESI sections must be 5 or more.** (See page 7 for Scale).

When applying to the Dental Hygiene program at College of DuPage, the HESI A2 exam can be taken up to a total of 2 times with at least a 30-day interval between the two exams in the application period. Students should register early due to limited seats per session. HESI A2 testing must be completed within 5 years of applying to the program in order for it to be valid for application purposes. **The most current exam scores will be used on the merit evaluation.** Applicants are able to sign into their HESI account to review their results at any time.

The Admissions Committee will meet and approximately 4-6 weeks from the deadline date, the decisions will be e-mailed.

***“All application documents delivered to the College of DuPage pertaining to a health sciences admissions file become the property of the College of DuPage and will not be returned to applicants. This includes but is not limited to transcripts, letters of recommendation, clinical evaluation forms or outside test reports.”***

Requests for admission do **not** automatically carried over to the following cycle. Applicants who were not accepted for the cycle in which they originally applied are asked to pay the \$50 non-refundable Health Career application fee and submit any/all supporting documents as listed on the Admissions Checklist of the Application Packet requirements (if applicable).

# Dental Hygiene Program Merit Evaluation

For your reference only; admissions committee completes this form. Do not fill out and submit (subject to change)

## Dental Hygiene Program Curriculum

### **DENTAL HYGIENE 1101**

#### **Principles in Dental Hygiene I** (3 credit hours)

Principles of disease transmission. Infection control policies, patient procedures, patient assessment and fundamental instrumentation for the dental hygienist. Foundation of knowledge and strategies of preventive dental hygiene practice. Emphasis on mechanical and chemical plaque control, use of fluoride and health promotion. Prerequisite: Admission into the Dental Hygiene program or consent of instructor (3 lecture hours)

### **DENTAL HYGIENE 1102**

#### **Principles in Dental Hygiene II** (2 credit hours)

Course will focus on procedures for collection of patient data relevant to patient treatment. Rationale for collection of assessment data and associated clinical procedures is also included in the course content. Students will continue to learn usage of various dental hygiene instruments, along with placement of caries preventive agents including dental sealants and topical fluorides. Course introduces development of the dental hygiene treatment plans directly relating to patient care. Prerequisite: Dental Hygiene 1101 with a grade of "C" or better or consent of instructor (2 lecture hours)

### **DENTAL HYGIENE 1105**

#### **Dental Materials/Expanded Functions** (3 credit hours)

Physical and chemical properties of dental materials, characteristics and manipulation of impression materials, gypsum products, investments, waxes, cements, resins, metallic and non-metallic restorative agents. Prerequisite: Successful completion of Dental Hygiene 1101, 1120, 1115, 1125 and 1135 with a grade of "C" or better or consent of instructor (2 lecture hours, 3 lab hours)

### **DENTAL HYGIENE 1112**

#### **Dental Radiology I** (2 credit hours)

Concepts of radiation history, radiation physics, radiation biology, radiation protection, dental X-ray equipment, film, image characteristics and film processing. Introduction to radiographic examination techniques. Prerequisite: Admission to Dental Hygiene program or consent of instructor (1 lecture hour, 3 lab hours)

### **DENTAL HYGIENE 1115**

#### **Dental Tooth Anatomy and Morphology** (2 credit hours)

Emphasis on clinical appearance of oral structures, dental terminology, morphology of the permanent and primary dentition, patterns, and the occlusion and malocclusion within and between the dental arches. Review of dental anomalies and other clinical appearances. Prerequisite: Admission to the Dental Hygiene program or consent of instructor (1 lecture hour, 3 lab hours)

### **DENTAL HYGIENE 1120**

#### **Preclinical Dental Hygiene I** (1 credit hour)

Integration of the scientific and clinical principles underlying the practice of dental hygiene. Clinical procedures and techniques for patient assessment, including: prevention of disease transmission, health history, extra and intraoral examination, gingival evaluation and periodontal examination. Operation of the dental unit and basic instrumentation techniques for the removal of plaque and calculus are presented. Prerequisite: Admission to the Dental Hygiene program or consent of instructor

### **DENTAL HYGIENE 1121**

#### **Clinical Dental Hygiene I** (1 credit hour)

Comprehensive examination procedures, charting and patient treatment. Adjunctive procedures are presented, dental caries preventive agent application and stain removal procedures. Integration of scientific and clinical principles underlying the practice of dental hygiene. Assessing, planning, implementing and evaluating dental hygiene care on patients in the clinical setting. Prerequisite: Dental Hygiene 1120 with a grade of "C" or better or consent of instructor

### **DENTAL HYGIENE 1125**

#### **Head and Neck Anatomy: Histology and Embryology** (2 credit hours)

Organization, structure and function of the head and neck. Focus will be placed on histologic and embryologic development and structural microanatomy to gain an understanding of clinical and oral manifestations of the regions of the head and neck. Prerequisite: Admission to the Dental Hygiene program or consent of instructor (2 lecture hours)

### **DENTAL HYGIENE 1135**

#### **Applied Nutrition and Biochemistry for the Dental Hygienist** (2 credit hours)

Principles of nutrition and biochemistry applied to dental hygiene patient care. Skills in diet analysis and patient counseling. Prerequisite: Admission to the Dental Hygiene program or consent of instructor (2 lecture hours)

### **DENTAL HYGIENE 1136**

#### **General and Oral Pathology** (2 credit hours)

Pathology of the head and neck and oral structures. Specific pathologic processes, repair, healing and regressive changes. Developmental conditions, diseases of bacterial and viral origin, and neoplasms of the oral cavity. Prerequisites: Dental Hygiene 1101, 1115, 1120, 1125 and 1135 with grade of "C" or better or consent of instructor (2 lecture hours)

**DENTAL HYGIENE 1145****Medical Emergencies in a Dental Office** (1 credit hour)

Familiarity with critical steps in prevention, preparation, early recognition and appropriate management of common medical emergencies in the dental office. Prerequisite: Dental Hygiene 1101, 1115, 1120, 1124 and 1135 with grade of "C" or better or consent of instructor (1 lecture hour)

**DENTAL HYGIENE 2201****Dental Hygiene Theory I** (2 credit hours)

Application of dental hygiene theory to direct patient care. Techniques and theory related to local anesthesia administration of local anesthetic agents. Emphasis of dental hygiene care of patients with various systemic, mental and physical disorders in the dental office setting. Introduction to use of heavy scaling hand instruments is included. Prerequisite: Dental Hygiene 1102 with grade of "C" or better or consent of instructor (1 lecture hour, 3 lab hours)

**DENTAL HYGIENE 2202****Dental Hygiene Theory II** (2 credit hours)

Application of dental hygiene theory to direct patient care. Overview of dental hygiene care of patients with various systemic and mental disorders. Presentation of periodontal cases is included. Prerequisite: Dental Hygiene 2201 with grade of "C" or better or consent of instructor (2 lecture hours)

**DENTAL HYGIENE 2211****Periodontics I** (2 credit hours)

Periodontal anatomy. Physiology/etiology of periodontal diseases. Clinical, histopathogenesis of gingivitis/periodontitis. Role of genetics, tobacco use and systemic preventative/therapeutic procedures associated with diagnosis, prognosis, treatment and initial phase of periodontal therapy. Prerequisites: Dental Hygiene 1102, 1105, 1112, 1121, 1135 and 1145 with a grade of "C" or better and admission to Dental Hygiene program or consent of instructor (2 lecture hours)

**DENTAL HYGIENE 2212****Periodontics II** (2 credit hours)

Description of clinical procedures associated with surgical phase of periodontal therapy. Evaluation of periodontal treatment, maintenance phase, ad relationship between periodontics and other dental specialties. Discussion of clinical management of the periodontum and adjunctive therapies. Prerequisite: Dental Hygiene 2211 with a grade of "C" or better or consent of instructor (2 lecture hours)

**DENTAL HYGIENE 2213****Dental Radiology II** (2 credit hours)

Advanced dental radiographic and related procedures including exposure and technique errors, occlusal and localization techniques, normal anatomy, panoramic films and radiography, extraoral radiography and digital radiography. Radiography for patients with special needs, introduction to radiographic interpretation: dental caries, periodontal disease, trauma and pulpal and periapical lesions. Introduction to forensic odontology. Prerequisite: Dental Hygiene 1112 with a grade of "C" or better or consent of instructor (1 lecture hour, 3 lab hours)

**DENTAL HYGIENE 2222****Clinical Dental Hygiene II** (1 credit hour)

Continuation of clinical dental hygiene practice. Includes assessment, planning and implementation of patient care. Adjunctive clinical services include dental sealants, ultrasonic scaling, air polishing, topical fluoride treatments and dental radiographs. Prerequisite: Dental Hygiene 1121 with grade of "C" or better and admission to Dental Hygiene program or consent of instructor

**DENTAL HYGIENE 2223****Clinical Dental Hygiene III** (2 credit hours)

Continuation of clinical dental hygiene practice. Includes assessment, planning and implementation of patient care. Adjunctive clinical services include dental sealants, ultrasonic scaling, air polishing, topical fluoride treatments, amalgam polishing, application of desensitizing agents and dental radiographs. Introduction to outside rotational experiences. Prerequisite: Dental Hygiene 2222 with grade of "C" or better or consent of instructor

**DENTAL HYGIENE 2224****Clinical Dental Hygiene IV** (2 credit hours)

Continuation of clinical dental hygiene practice. Includes assessment, planning and implementation of patient care. Adjunctive clinical services include dental sealants, ultrasonic scaling, air polishing, topical fluoride treatments, amalgam polishing, application of desensitizing agents and dental radiographs. Administration of topical and local anesthetic agents. Prerequisite: Dental Hygiene 2223 with grade of "C" or better or consent of instructor

**DENTAL HYGIENE 2225****Review of Dental Literature** (1 credit hour)

Review and evaluation of dental literature for the contemporary dental hygienist. Focus on research methodologies and statistical analysis as it applies to dentistry. Prerequisite: Admission to Dental Hygiene is required or consent of instructor (1 lecture hour)

**DENTAL HYGIENE 2232****Community Dental Health I** (2 credit hours)

Dental hygienist's role in community. Epidemiological concepts, trends in oral diseases, research assessment tools, and strategies to improve public access to oral health care. Review of biostatistics, federal and state agencies, and managed care. Prerequisite: Dental Hygiene 2225 with grade of "C" or better or consent of instructor (2 lecture hours)

**DENTAL HYGIENE 2233****Community Dental Health II** (2 credit hours)

Creation, implementation, and evaluation of a dental health care program in the community. Presentation of projects to faculty and peers. Prerequisite: Dental Hygiene 2232 or grade of "C" or better or consent of instructor (6 lab hours)

**DENTAL HYGIENE 2235****Dental Pharmacology and Local Anesthetics** (2 credit hours)

Classifications and varieties of drugs, pharmacologic effects, adverse reactions, usual indications and contraindications. Discussion of drugs utilized to treat common diseases. Pharmacokinetics of local and general anesthetic agents, and their use. Prerequisites: Dental Hygiene 1115, 1125, 1135, 1136, 2211, and 2222 with a grade of "C" or better or consent of instructor (2 lecture hours)

**DENTAL HYGIENE 2245****Ethics and Jurisprudence: Practice Management for the Dental Hygienist** (2 credit hours)

Preparation for professional role as health care provider and member of dental health team. Focus on ethical and legal responsibilities, dental practice act, malpractice issues, and scope of dental hygiene practice. Prerequisite: Dental Hygiene 2201 and 2222 with a grade of "C" or better or consent of instructor (2 lecture hours)
