To Whom It May Concern,

Please be advised that, effective November 16, 2018, the prevailing wage rates for certain construction trades in your county will be modified to reflect certain corrections made by the Illinois Department of Labor. Revised rates have been published and are accessible at the following url:

Please note that the Department has added an “Effective Date” column on the far left of the data layout on the page displaying prevailing wage rates. To see which rates have changed in your county, simply filter the data by effective date.

We recommend that you review the revised rates at your earliest convenience and that you notify any impacted contractors.

Please don’t hesitate to contact the Illinois Department of Labor at this email address with any questions.
