HEALTH REQUIREMENTS OVERVIEW

The completion of all health requirements is mandatory as a student of the College of DuPage (COD) health career programs. The health requirements may be completed by your physician, local hospital or clinic, or Edward Corporate Health Services. **The background check and drug screen must be completed through [CastleBranch.com](https://www.castlebranch.com).**

College of DuPage has partnered with Edward Corporate Health (ECH) to ensure compliance of students' medical requirements. ECH has provided College of DuPage students with special pricing. Please note that ECH does not accept personal health insurance. Any charges are the student's responsibility and are due at the time of service. It is recommended that students verify with their insurance provider whether required services are covered by their personal health insurance. If so, you may choose to have those services performed by a personal health care provider utilizing your health insurance. It is ultimately the student's decision where they complete their health requirements. ECH, or provider of your choice, may complete all of the services; however, ECH **must** complete the required chart review. Please note: College of DuPage will not receive any of your medical records; they are your and your health care provider's responsibility and property. **ECH will provide a clearance form directly to you and College of DuPage.**

To access ECH's services, call the various location(s) (see page 8), identify yourself as a College of DuPage student and discuss what services you need. You must bring all required documentation to ECH for a Chart Review. **Depending upon the program to which you are applying, medical requirements may need to be completed prior to registration for the class/program. Some programs will set a date that is after registration but before actual participation in the class. Please note and adhere to your specific program's requirements.**

HEALTH REQUIREMENTS INFORMATION

TO AVOID MULTIPLE TRIPS TO YOUR PROVIDER AND/OR EDWARD CORPORATE HEALTH, YOU ARE ENCOURAGED TO COME TO AN ADVISING SESSION PRIOR TO STARTING HEALTH REQUIREMENTS.

****Note: Health Requirements are subject to change based on current medical advice, practices and are mandated by the clinical sites****

Proof of vaccination MUST include the following: (1) Student name (2) Clinic name (3) Clinic address (4) Date administered (5) Lot# of vaccine
Tetanus/Diphtheria/Pertussis Vaccination (TDAP)	Vaccination is given and covers three diseases	Gain immunity to Tetanus, Diphtheria and Pertussis	Current medical advice indicates that this is a necessary vaccination to protect students entering a health care facility from noted diseases. Obtain a one-time dose of TDAP if you have not previously received. Obtain TD boosters every 10 years thereafter (excludes Good Samaritan Paramedic students; must be full TDAP).
QuantiFERON TB Gold Blood Test	Blood test that aids in the detection of <i>Mycobacterium tuberculosis</i> , the bacteria which causes tuberculosis (TB)	Proof that you are free of tuberculosis	A positive QuantiFERON-TB Gold result means that the person has been infected with TB bacteria and should be followed by further medical and diagnostic evaluation to determine if the person has latent TB infection or TB disease. A chest x-ray will be required.
Hepatitis B Titer	Documented antibody titer levels indicating immunity (blood draw to demonstrate your immune status to identified communicable diseases). To be effective, the blood test must indicate that you are positive for immunity	To ensure your ability to “fight” communicable disease and/or prevent the spread of it	For negative or equivocal titer results: The complete vaccine series must be completed as follows: <ul style="list-style-type: none"> • 1st dose administered • 2nd dose administered 4 weeks subsequent to the first dose • 3rd dose administered 5 months subsequent to the second dose • Titer is to be completed 4 weeks subsequent to completion of series

Requirement	What	Why	Additional Information
Titers for: Varicella – (Chicken Pox) MMR – Rubeola (Measles), Mumps and Rubella (German Measles)	Documented antibody titer levels indicating immunity (blood draw to demonstrate your immune status to identified communicable diseases). To be effective, the blood test must indicate that you are positive for immunity	To ensure your ability to “fight” communicable disease and/or prevent the spread of it	For negative or equivocal titer results: If vaccination series was previously administered, one booster is required. Titer is to be completed 4 weeks subsequent to administration of booster. If vaccination series has not been previously administered, the series must be completed and followed by a titer 4 weeks subsequent to the completion of the series.
Chart Review MUST be done by Edward Corporate Health	All medical records must be reviewed by Edward Corporate Health. A clearance form will be given to you.	Medical personnel are reviewing student’s medical records	Students are to either bring all completed requirements to the chart review appointment or have the testing/physical done at Edward Corporate Health. A charge applies to this chart review and is the students’ responsibility. Please allow plenty of time to get all requirements completed and reviewed by Edward Corporate Health. Recommendation is to begin the process 2-3 months prior to first day of class or clinical.
Drug Test MUST be done through CastleBranch	A urine test for presence of identified drugs. The drug test must be a 10 panel.	Proof of being drug free	Please do <u>NOT</u> begin until instructed to do so (Refer to specific program instructions for appropriate package code and further details)
Medical Document Manager Excludes: Central Sterile Processing, EKG/Phlebotomy, EMT, Medical Assistant and Paramedic	If required by your program, all medical documents must be uploaded to CastleBranch once the chart review is complete	Your medical documents will be maintained in a secure web-based management system.	Students will have unlimited access to their Medical Documents through graduation and beyond
Background Check Must be done through CastleBranch	Background Checks are completed through CastleBranch		Please do <u>NOT</u> begin until instructed to do so (Refer to specific program instructions for appropriate package code and further details)
CPR Card	Must be American Heart Association – BLS for Health Care Providers . Card must be signed by student.		Must be valid through entire length of chosen program (Does NOT apply for FIRE 2271 EMT program)
Medical Insurance	Can be purchased through the college’s insurance carrier. Please visit Center For Access and Accommodations website for details.	Required by clinical sites	Must be comprehensive health insurance and valid through entire length of chosen program

HEALTH REQUIREMENTS PRICING

Below is a list of health services and the current fees charged by Edward Corporate Health. Students may also check their local health department, convenient care locations or retail clinic, as they may offer some or all of the services. Students may use their own health care provider for any or all of the services with the exception of the background check and drug screen, which **must** be completed through [CastleBranch](#). Please note that the cost for the health requirements is the responsibility of the student, and requirements and pricing are subject to change. The Chart Review **must** be completed by Edward Corporate Health and the student is responsible for the fee. The Medical Document Manager tracking will be completed by [CastleBranch](#) and you, as a student, will always have access to your medical records.
