This information serves as a guide for the selection of courses at the College of DuPage for students transferring with a major in Economics to private colleges and universities in Illinois. It is assumed that students will be working with a full time member of the Economics and/or Counseling faculty in selecting their courses. Students are responsible for contacting the transfer university to verify requirements and transfer of courses.

This guide considered only courses relevant to transferring with a major in Economics. This guide does not consider other courses that might be required at the transfer institution. The information was obtained from the web site of the universities for the academic year 2012-2013.

Students are strongly encouraged to review the home page for the Department of Economics from several public and private institutions. Resources on this site include information on undergraduate careers in Economics and FAQ (frequently asked questions).

Information is provided for the following private colleges and universities in Illinois:

Augustana College
Benedictine University
Bradley University
DePaul University
Dominican University
Elmhurst College
Illinois Wesleyan University
Knox College
Lake Forest College
Lewis University
Loyola University
Monmouth College
North Central College
North Park University
Roosevelt University

Students planning to pursue an advanced degree in Economics are encouraged to seek advisement from a full time member of the Economics faculty in selecting mathematics courses.

(OVER)
This information serves as a guide for the selection of courses at COD for a student transferring with a major in Economics to a four-year college or university. Students are responsible for contacting the transfer institution to verify requirements and transfer of courses. Students are encouraged to work with a full time member of the Economics and/or Counseling faculty in planning their selection of courses at the College of DuPage.
