General Information
Financial aid is awarded per academic school year. Returning students must reapply by submitting the Free Application for Federal Student Aid (FAFSA). Students can begin filing their FAFSA as early as October 1st, however, the Office of Student Financial Assistance (OSFA) strongly encourages students to file their as soon after October 1st.

All students are required to sign up on a payment plan at time of registration. If you have applied for financial aid and College of DuPage has received your information, you may be eligible to sign up for the Deferred Payment Plan. Eligibility for the Deferred Payment Plan is based on your financial aid status and eligibility.

Your financial aid award is based on your demonstrated financial need, as determined by subtracting your Expected Family Contribution (EFC) from your Cost of Attendance at College of DuPage. Your EFC is calculated by the Federal Processor based on information you submitted on your Free Application for Federal Student Aid (FAFSA).

Your Cost of Attendance includes:
- The Board approved tuition and fee charges for full-time enrollment for a 9 month period (academic year)
- Allowance for room and board according to the living arrangements specified on your FAFSA
- Allowance for books, transportation, and personal expenses as dictated by Federal regulations

Your financial aid award letter may include grants, loans, and/or work study awarded through College of DuPage. You may accept all or a portion of your financial aid award. You may also reject any portion of your financial aid award. To maintain your eligibility for these awards you must continue to demonstrate financial need, maintain Satisfactory Academic Progress, enroll in an eligible degree of certificate program, and be academically engaged in your classes for the entire length of the term. No Attendance means No Financial Aid. Failure to meet these criteria will result in the removal or reduction of your financial aid award.

After tuition, fees, and other charges are paid, unless otherwise notified, Pell, FSEOG, and STS will be available to students mid-term in the form of a refund. If you signed up for e-Refunds then the funds will automatically be deposited into your designated account. Otherwise, your refund will be in the form of a check that you would pick up at the Cashiers Office. You should use these funds towards your remaining educational expenses.

If you owe a balance to College of DuPage due to an overpayment of financial aid or are in default on an educational loan, you will not receive financial aid.

General Terms and Conditions of Your Award
As a recipient of financial aid (which includes grants, loans and work-study), you are the beneficiary of monies made available to you by a variety of agencies – federal, state, institutional, and private. When you accept your financial aid award(s) you are agreeing that you have read, understood, and are aware of the obligations and responsibilities included within this letter.

1. Your financial aid award was determined in accordance with laws and regulations in effect at the time of the calculation of your award and the availability of funds. Your financial aid is awarded based on full-time enrollment. The aid amounts on your award letter are estimated and may change if your enrollment or eligibility changes. The Office of Student Financial Assistance (OSFA) reserves the right to modify, reduce, or cancel your award if these laws are amended or funds are withdrawn or exhausted.

2. The information you submitted on your application is current, complete, and true to the best of your knowledge. You are also a citizen or eligible noncitizen of the United States.
3. You agree to notify the OSFA of any financial assistance you receive that is not listed on the financial aid award letter. This includes tuition waiver(s) and/or scholarship(s) received from College of DuPage departments/programs, receipt or loss of any non-College of DuPage financial assistance, any part-time employment other than Federal Work-Study (FWS), and/or Job Opportunity Training Grant (WOIA) funds.

4. You will keep the OSFA informed of any changes (favorable as well as unfavorable) in your financial circumstances that occur within the award period including a change of address and/or name. You may request a recaluation of your financial need if there is a substantial change in your family’s financial circumstances. However, this may not result in an increase in financial aid.

5. Failure to report additional assistance received can result in the adjustment, cancellation, or required repayment of aid offered by the College of DuPage. The OSFA is required to adjust all awards in relation to your financial need.

6. To receive financial aid funds - whether it is grants or loans - you must be enrolled as a regular student in an eligible degree or certificate program. A regular student is defined as someone who is enrolled or accepted for enrollment at College of DuPage for the purpose of obtaining a degree or certificate offered by College of DuPage. You must enroll in classes leading to a U.S Department of Education approved certificate or degree for financial aid purposes at the College of DuPage. Financial aid is to be used towards the payment of required tuition and fees, books and supplies, and for maintenance costs related to your attendance at College of DuPage.

7. You cannot receive financial aid from two schools at the same time for the same semester.

8. According to the Federal Refund Policy, if you withdraw from or stop attending all classes prior to completing 60% of the term, you could owe a refund of grant and/or loan funds to the College of DuPage and to the Federal Government. The amount owed is based upon your grant and/or loan amounts and your last date of attendance.

9. If you withdraw from all classes or drop below half-time enrollment at any time prior to receipt of your Federal Direct Loan or PLUS Loan funds, you may be ineligible to receive your Federal Direct Loan or Federal Direct PLUS loan funds.

10. If you withdraw from all classes during a term for which you received a Federal Direct Loan or a Federal Direct PLUS Loan, you may be ineligible to receive any subsequent funds.

11. If your instructor reports you as a Non Attend on their Enrollment Verification, then your financial aid award will be adjusted accordingly. In accordance with Federal Regulations, your financial aid awards must be adjusted for any class reported that you are not attending. Federal Regulations require active participation in class to be eligible for Federal funds. This may cause you to owe a balance.

12. If you are awarded a scholarship and you withdraw completely or fall below the scholarship criteria, you may be responsible for repayment of your scholarship.

13. To maintain your eligibility for financial aid you must maintain Satisfactory Academic Progress.

14. Financial aid can only cover up to 30 semester hours of below 1000 level courses.
Explanation of Financial Aid Awards
If you have any questions about how your financial aid award was determined or if you feel you have extenuating circumstances regarding your financial aid eligibility, please contact the OSFA.

The actual disbursement of financial aid varies and is dependent on your Expected Family Contribution (EFC) and your enrollment status:
Full-time = 12 credit hours or more
Three Quarter time = 9 to 11 credit hours
Half-time = 6 to 8 hours
Less than half-time = 1 to 5 credit hours

FEDERAL PELL GRANT
Your Federal Pell Grant award is determined upon your enrollment status after the refund period for each of your registered classes. This date is referred to as the “census date”.

* If your financial aid is awarded after the census date, your Federal Pell Grant award could be determined by your enrollment hours at that time. In addition, if term grades post before your Pell Grant is awarded, your Federal Pell Grant award will be based upon your earned hours. Disbursement information can be found online under Important Notes and Dates.

** If you register for classes late or after the census date, then your Federal Pell Grant will not include those classes when determining your award amount. Regardless of when you started attending those classes. This may cause you to owe a balance at College of DuPage

*** You can estimate your Pell Grant award based on your enrollment, by logging into your myACCESS and clicking on PELL Grant Calculator

CHARGING BOOKS AND SUPPLIES
You may be eligible to charge your required books and supplies in the bookstore on the main campus against your financial aid if there is money remaining after covering your tuition costs and you have completed the Bookstore Authorization Form.

The bookstore dates can be found online under Important Notes and Dates.

If you are eligible to charge your books against your financial aid, you must bring a copy of your schedule and a Photo ID to present at the registers in the Bookstore at checkout. Your book charges will be deducted from your financial aid awards. If your book charges exceed your financial aid award, you will be responsible for paying the difference. Please Note: If you add/drop classes after purchasing your books in the bookstore, you may end up owing some money back. Please check with the OSFA before dropping/adding any classes.

ISAC (MAP) AWARDS
The Illinois Monetary Award Program (MAP) is available from the Illinois Student Assistance Commission (ISAC) to Illinois residents who are undergraduate students at an approved Illinois college. The award is applied to in-district tuition and mandatory fees only and does not include class or lab fees. The Illinois MAP Grant only covers Fall and Spring Semesters. The Illinois MAP Grant cannot be used for Summer Semester.

By applying for financial aid and agreeing to share that information with the Illinois Student Assistance Commission (ISAC) you have been considered for the State of Illinois (IL) Monetary Award Program (MAP) Grant. If you were determined to meet the eligibility criteria for the MAP grant, an award is included on this award letter. This award may be an estimate made by the financial aid office and, if so, is identified as a "State of IL MAP Grant (Est)”. MAP grants are limited based on the number of applicants and funding levels appropriated by the Illinois General Assembly. Please be aware that in light of state funding constraints, reductions to estimated or actual MAP grants are possible.

Revised 01/27/17
Eligibility for a MAP grant is tracked by the equivalent number of semester credit hours of MAP benefits paid on your behalf. This is called MAP Paid Credit Hours. Payment for each term is being made according to the equivalent number of credit hours eligible for MAP payment, with a minimum of 3 and a maximum of 15 MAP Paid Credit Hours.

There is a limit on the number of MAP Paid Credit Hours that can be paid while you are classified by your school as a freshman and sophomore. This limit is the equivalent of 75 MAP Paid Credit Hours. If this maximum is reached, you must attain junior status for your MAP grant eligibility to resume. The maximum number of MAP Paid Credit Hours that can be received is capped at 135.

*If a State of IL MAP Grant (Est) is not included in your award letter, you are not eligible for the grant at College of DuPage.*

* If your financial aid is awarded after the census date, your Illinois MAP Grant award could be determined by your enrollment hours at that time. In addition, if term grades post before your Illinois MAP Grant is awarded, your Illinois MAP Grant award will be based upon your earned hours.

** If you register for classes late or after the census date, then your Illinois MAP Grant will not include those classes when determining your award amount. Regardless of when you started attending those classes. This may cause you to owe a balance at College of DuPage
