6. Method of Determination

Determination of Eligibility

In order to ascertain which students receive Emergency Financial Aid Grants and how much they would receive under Section 18004(a)(1) of the CARES Act, the College used the following requirements to identify eligible students:

- Must have filed a FAFSA form for the 2019-2020 school year with the verification process of the FAFSA completed, or applied for the 2020-2021 if in need of funds for Fall 2020 or Spring 2021
- Must have no general Title IV eligibility flags, or the Title IV eligibility flags have been cleared
- Must have been enrolled in the Spring 2020 term at the time of the legislation's passage (March 13, 2020), and as the College transitioned to remote learning,
- Must have been demonstrating Satisfactory Academic Progress (SAP) requirements, and,
- Must have incurred expenses related to the disruption of campus operations due to COVID-19.

Refund Process

Each student is eligible to receive \$60 per credit hour of enrollment, up to a maximum award amount of \$1,200. Using these figures, College of DuPage distributed approximately 69% of the total CARES Act Student Fund Award directly to 6,092 students who met initial eligibility criteria. Additional refunds will be based on application and eligibility.

Students who met all eligibility requirements and who were enrolled in direct deposit with the College of DuPage Finance Office had refunds deposited directly into their account. Students who are not enrolled in direct deposit received a check by mail.

The remaining portion of the CARES Act Student Funding award will be distributed based on application by the student for CARES Act support on a first-come/first-serve basis.

7. Additional Student Guidance

Application Method

The application process is available using an online form that allows students to indicate their eligibility based on having a 2019-2020 or a 2020-2021 FAFSA. Students can select from a drop down list the unmet needs caused by the disruption of campus operations, transition to remote learning, and the impact the transition created. The form is reviewed by the financial aid staff and funds can be awarded based on unmet needs.

Students were informed the week of June 29th of the availability of the online application form through college email, and were able to start applying for CARES Act funds using the application. Awards resulting from an application or appeal will be funded on a first-come/first-serve basis until the remaining student emergency aid funds are exhausted.

Guidance for Non-eligible Students

Students who did not meet eligibility guidelines but requested financial assistance were directed towards possible resources including the College of DuPage Foundation, and state-based financial aid websites.
