INTRODUCTION

Strategic planning at College of DuPage is a continuous process that guides the direction of the institution and provides quantitative evidence of progress made towards advancing our mission and achieving our vision. Therefore, this Fact Book is but one document in a “family” of College of DuPage planning documents:

- The Fact Book provides an evidential base for the planning process by identifying statistical and trend data related to district demographics; student enrollment, retention, and success; degree and certificates offered; employee numbers and demographics; and other pertinent information.
- The Strategic Long Range Plan (SLRP) is the key document in the family of planning documents. By identifying Four Strategic Pillars and related Goals, it provides a clear and concise five-year road map for the College.
- The Annual Plan identifies specific actions that the College will take to reach its Strategic Pillars and Goals. The Annual Plan makes the Strategic Pillars and Goals specific at the department or divisional level, so that they can effectively be deployed throughout the College in an understandable way. On a quarterly basis, the Cabinet collectively reviews the Action Plan’s progress and takes the necessary steps to keep the College on track for achieving each Strategy.
- Since implementing strategies requires resources, the last document in the family of planning documents is a five-year financial plan that resides within the College of DuPage Budget for the fiscal year. Using realistic and conservative assumptions, resources are projected and allocated to fund the various divisional and departmental strategies found in the Annual Plan.

These documents are all available on the College of DuPage website on the Planning, Reporting and Financial Documents page at https://cod.edu/about/administration/planning_and_reporting_documents/

INSTITUTIONAL OVERVIEW

HISTORY

College of DuPage’s origins can be traced to two signature events. First was the Illinois General Assembly adoption of the Public Community College Act of 1965. Second was the approval by DuPage County voters of a 1965 referendum. Their foresight created a new community college to serve the dynamically growing and prospering DuPage area.

On September 26, 1967, College of DuPage opened under the leadership of President Rodney Berg and Board of Trustees Chairman George Seaton. Classes were held in office trailers and at leased suburban sites throughout the newly formed Community College District 502. Driving from class to class, the students, faculty, and staff of this “campus-less” community college became affectionately known as roadrunners, hence the school’s nickname, “Chaparrals”.

In 1968, a 273-acre Glen Ellyn campus site was acquired, and a year later, three interim buildings were constructed. The first permanent building, today’s Rodney K. Berg Instructional Center, opened in 1973. Four years later, the top floor of the Rodney K. Berg Instructional Center was completed, and in 1983, the Student Resource Center and Physical Education and Community Recreation Center opened.

The population of the district served by College of DuPage has grown significantly over the years. Originally formed from 10 high school districts, District 502 has become the most populous in Illinois, outside of Chicago. More than one million residents from all or part of 51 communities comprise today’s District 502, with boundaries encompassing the majority of DuPage County and parts of Cook and Will counties.

Today, with a fall credit enrollment of approximately 21,000 credit students, College of DuPage is the largest of 48 publicly funded Illinois community colleges and the second largest provider of public undergraduate education in the state of Illinois.

FACILITIES

Located 25 miles west of Chicago, College of DuPage’s Glen Ellyn campus includes 13 main buildings.
