

# Unofficial Transfer guide for Social Science and Humanities Classes

(Updated Spring 2022)

Transfer guide is meant to aid in the selection of humanities and social science courses. However due to constant changes in curriculum and occasional changes in general education requirements at universities, it is impossible to guarantee transfer at the time of registration.

## Requirements for each institution

**COD** 1-6 courses from humanities (H), fine arts (FA), or social sciences (SS)  
0-3 course from humanities (H) and fine arts (FA)  
0-3 course from social sciences (SS)

**UIC** 1 course from creative arts (CA)  
1 course from understanding the past (UP)  
1 course from understanding U.S. Society (US)  
1 course from understanding the individual and society (IS)  
1 course from world cultures (WC)  
A course found in multiple categories may count as the requirement for either of the categories, but not as the requirement for both.

**UIUC** 1 course from western cultural studies (WCC)  
1 course from non-Western/U.S. minority cultural studies (NW or US)  
2 courses from humanities (LA or HP)  
2 courses from social sciences (BSC or SS)  
A course found in multiple categories may count as the requirement for either of the categories, but not as the requirement for both.  
UIUC has a foreign language requirement for the Bachelor's degree. You must complete third course in a sequence. This can be completed either in high school, at College of Dupage, or at UIUC. The foreign language courses do not count as credits for either the AES or the BS degrees.

**NIU** 2 courses from Creativity and Critical Analysis (CCA)  
2 courses from Society and Culture (SC)  
One of the 4 courses must fulfill the Human Diversity Requirement (H). Therefore, leave at least 1 course for after transferring to NIU so that you can complete this requirement and either a CCA or SC at the same time.

**IIT** gives credit for up to 3 gen ed courses (remainder is taken at IIT)  
1 course from Humanity (H)  
1 course from Social Science (SS)  
1 course from humanity (H) OR, social science (SS)

**SIUC** 2 courses from humanities (H)  
 2 courses from social sciences (SS)  
 1 course from fine arts (FA)  
 1 course from integrative studies (IS)  
 Multiple courses that transfer to SIU as the same course will only count as one credit.  
 SIU also requires a course in Human Health for the Bachelor of Science degree. It is recommended to take it at SIUC.

**Bradley** 1 course from Social and Behavioral Science (SB)  
 1 course in Fine Arts (FA)  
 1 course in Humanities (H)  
 1 course in Global Perspective GP (either Global Systems GS or World Culture WC)  
 1 course in Multidisciplinary Integration (MI)  
 A course found in multiple categories may count as the requirement for either of the categories, but not as the requirement for both.

**\* If multiple courses of a table are merged together, then all of them must be taken to count for the one course at the university.  
 Speech is only taken at NIU, SIU, and Bradley eventually. They can be taken at COD, but they don't count toward the AES degree.**
