This designation specifies responsibilities related to the delivery of pre-hospital patient care, including the education of Paramedics. Advocate Good Samaritan Hospital's Paramedic Program begins in August and is approximately eleven months in length, including an internship. Registration is through the College of DuPage with didactic sessions, labs and clinical rotations being held at hospital facilities. PROGRAM INFORMATION DISCLAIMER

This information packet is published for informational purposes; however, the information in this packet is not to be regarded as an irrevocable contract between the student and the program. The program reserves the right to change, at any time, without notice, requirements, fees and other charges, curriculum, course structure and content, and other such matters as may be within its control, notwithstanding any information set forth in the program information packet in accordance with COD policies and procedures.

PROGRAM & COURSE DESCRIPTION

The Paramedic Certificate Program is composed of three courses. The [certificate requirements](#) and [course descriptions](#) for the Paramedic program can be found in the Course Catalog under the Fire Science discipline.

ATTENDANCE

Class attendance is **mandatory**. Students are expected to arrive to class on time and not to leave early. Unforeseen circumstances can be discussed with the Program Director. Paramedic students can miss only a predetermined number of classes to remain in the program. Students must adhere to deadlines for the completion of clinical rotations and must meet cognitive, psychomotor, and affective domain requirements to remain in the program. Students will meet program faculty for Advocate Good Samaritan on entrance testing day and will receive a brief orientation at that time. Class (lecture/lab) is generally held on Mondays, Wednesdays and Thursdays from approximately 9 to 1; clinical experiences are completed during off-class hours. The internship, which begins in May, is completed on a 24-hour shift basis.

TUITION/FEES/FINANCIAL AID

The paramedic program consists of 36 semester hours of college credit at the [prevailing tuition rate](#). College of DuPage payment policy states payment will be due immediately following registration. If you are unable to pay the amount in full, you must sign up for the payment plan offered by the college. If you are expecting financial aid or other assistance, you may be able to sign up for a deferred payment plan. If you have questions regarding the payment plan or the payment policy, please contact the Cashier's office at (630) 942-2206. Advocate Good Samaritan Hospital and the College of DuPage reserve the right to drop students for non-payment of tuition.

Lab/uniform/book fees are payable to Advocate Good Samaritan EMSS upon acceptance into the program. Students also need a stethoscope, watch, calculator, computer, email address, printing capability, appropriate clothing and transportation to and from class and clinical sites. Costs associated with accommodations are the responsibility of the student.

Financial Aid is available to any eligible student enrolled in the college for six or more eligible credits. Grants, loans, on-campus employment, veteran's grants and scholarships are aid options available to help students meet their education expenses. If you are planning on applying for financial aid and have not already done so, please

[visit our website](#) or contact the Financial Aid office at (630) 942-2251. It can take 6-8 weeks for processing, so if you have not already completed your FAFSA form, you may need to sign up for the standard payment plan and be reimbursed once your financial aid is processed.

If you are a veteran and are planning to use veteran's benefits, please [visit our website](#) and [the United States Department of Veteran's Affairs](#).

If a company will be paying for your tuition or you have a chargeback agreement from another community college, please [download our Third Party Billing/Chargeback form](#) or speak with a representative at (630) 942-2377.

Students enrolled in the Paramedic program are considered full time students. To receive a letter documenting full-time status, visit the Records office (SRC 2015). A request form needs to be completed. There is a \$5 processing fee for this request, payable by cash or check. This request takes five to 10 days to process. For additional questions, call (630) 942-2431 or (630) 942-3022.

CRIMINAL BACKGROUND CHECK INFORMATION

All health care workers and student health care workers are required to undergo a criminal background check to function in a clinical setting. A student with a positive background check containing disqualifying conditions as defined by Federal and State law will not be allowed to enter the clinical portion of the program. A student with a positive background check containing disqualifying conditions as defined by Illinois State Law ([225ILCS46/25](#)) and 77 Ill Adm. Code 955 Section [955.160](#) will not be allowed to enter the clinical portion of this program, thus preventing the student from obtaining mandated certification and/or licensure.

NOTE: You may have been convicted and not sent to jail. People are often fined or given probation or conditional discharge rather than jail time, but these are still considered convictions. If you are unsure as to whether an arrest resulted in a conviction, contact the county in which you were arrested and speak to a representative in the Circuit Clerk's office, State's Attorney's office or your attorney.

Criminal background checks only need to be completed once accepted into the program. Instructions will be forwarded to eligible applicants after entrance testing has been completed.

Thank you for your interest in our Paramedic Program!

Applying to our Paramedic Program means that you are preparing to advance in the healthcare profession. The knowledge and skill which a Paramedic brings to an emergency can mean the difference between life and death. The attitude the Paramedic brings to an emergency is equally important. Paramedics represent their profession, their employers and the entire health care system when they are caring for patients.

With nearly forty years of experience as an IDPH-approved EMS Resource Hospital, Advocate Good Samaritan Hospital has developed a faculty with the expertise needed to provide the cognitive, psychomotor, affective and clinical experiences which are necessary to develop exceptional health care providers. Our graduates are capable of immediately entering the workforce in various healthcare environments. We routinely evaluate our students in the affective (behavioral) domain to develop health care practitioners who possess the qualities and values required of this profession.

The Advocate Good Samaritan Paramedic Program is nationally-accredited by CAAHEP and meets the requirements of the Illinois Department of Public Health and the U.S. Department of Transportation for Paramedic education. Our program is a rigorous one; a full year of focus and hard work is required for successful completion. We fully address the National EMS Education Standards. Candidates should be certain that the timing is right before accepting a seat in our program.

We are pleased to note that 100% of the graduates of our program have achieved success in challenging the licensure examination. Good Samaritan's also graduates realize great success in finding employment in the healthcare arena. Many of our graduates choose to continue their healthcare education (RN, PA, MD) post-graduation.

While attending Advocate Good Samaritan's Paramedic Program, students have access to clinical experiences within our EMS System's Associate Hospitals and EMS Provider Agencies. Affiliation with the College of DuPage provides students with college credit, educational tracts and degree possibilities. Counseling and financial aid programs are also available through the College of DuPage.
