Hearing Instrument Dispensary (HIDP) Program

HIDP certificate trains graduates for the various occupations, including hearing aid specialist, hearing instrument specialist and hearing aid dispenser. To qualify for employment as a Hearing Instrument Dispenser per Illinois Department of Public Health guidelines, the candidate must possess a minimum of an Associate's Degree, have completed specific coursework in audiology and hearing sciences, as well as pass the written and practical exams for the Illinois Department of Public Health's Hearing Instrument Dispenser Licensing Program.

Policies and Procedures

All Nursing and Health Science Division policies and procedures are found on our [Division website](#). It is the students' responsibility to ensure they have reviewed and understand the policies and procedures. The Nursing and Health Science Division reserves the right to change, at any time, without notice, these policies and procedures.

Program Profile

HIDP certificate prepares students for a career as a hearing healthcare provider and hearing instrument specialist. This program prepares hearing healthcare providers to administer and interpret hearing tests, select and fit hearing aids, adjust physical and electroacoustic parameters of hearing instruments and recommend assistive listening devices. Hearing instrument specialists work together with audiologists in medical settings, private practice, clinics and retail venues in order to meet the needs of the Hard of Hearing community. HIDP certificate is designed to provide students with didactic instruction and clinical practice skills in anatomy and physiology of the auditory mechanism, acoustics and hearing sciences, clinical audiometry, aural rehabilitation, professional ethics and hearing instrumentation. This program will prepare students for the Illinois Department of Public Health Hearing Instrument Dispenser Licensing Written and Practical Exams. This certificate includes twenty-two (22) credit hours.

Requirements after Registration

Following registration to the HIDP program, students receive a copy of the College of DuPage HIDP Program Handbook. Students are expected to comply with the rules, regulations and procedures of College of DuPage, HIDP and the affiliating clinical sites as outlined in the handbook. Students are expected to sign an acknowledgment of the Discipline Procedure, Informed Consent and Verification of Receipt, Review and Comprehension the HIDP Handbook (following a review of the handbook). Noncompliance is grounds for dismissal from HIDP.

Once in to the program, students receiving below an 80% in any HIDP course are placed on academic probation for a period no shorter than one semester, although this duration may be substantially longer. Students receiving a "D" or an "F" in any HIDP course or practicum are dismissed from the program and the failed course must be repeated. Additional information regarding grade requirements, probation and dismissal is contained within the College of DuPage HIDP Program Handbook.

In order to ensure students acquire knowledge relevant to their clinical practice, students may be required to make up portions of failed exams or projects regardless of earning a passing grade in class.

Prior to being admitted into clinicals, which take place during the students' final fall term, students must complete and pass a pre-clinical examination. Students must sit for this examination on the last Thursday of July of the students' summer semester. Students who do not pass the exam will not be allowed to enter clinicals and will have the choice of either (1) exiting the program and reapplying at a later date if desired or (2) completing coursework and or self-study to remediate deficit areas and, pending successful performance on the exam the following January, enrolling in clinicals the following fall term.

Please note: *Registering into the HIDP does not guarantee successful program completion.*

Certification

The certificate includes twenty-two (22) credit hours and will help prepare students for the Illinois Department of Public Health Hearing Instrument Dispenser Licensing Written and Practical Exams.

In order to be eligible for employment as a Hearing Instrument Dispenser in Illinois the following criteria must be met:

- Possess an Associate's Degree or higher degree (certificate program prerequisite)
- Be eligible for Licensure via Illinois Department of Public Health
 - Pass both written and practical exams
- Complete the prescribed college credit hours in the following didactic areas (included in certificate curricula design):
 - Anatomy and Physiology of the Auditory System
 - Hearing Science
 - Introduction to Audiology
 - Aural Rehabilitation
- Maintain IDPH Hearing Instrument Dispenser License with required continuing education

Clinical Education

Student clinical experience is acquired during the **Clinical Practicum** course after completion of college courses in Audiology and Hearing Sciences, as well as a receipt of the Temporary Hearing Instrument Dispenser License via Illinois Department of Public Health (**written and practical exams do not have to be completed to receive the Trainee License**). College of DuPage is centrally located and population dense with a multitude of local hearing aid dispensaries throughout District 502 and surrounding areas, in which clinical affiliation agreements would be entered.

Students are expected to comply with the rules, regulations and procedures of College of DuPage and the affiliated clinical hospital sites. *Non-compliance with rules, regulations and procedures is a basis for dismissal from the program. The Health and Sciences Program Standards for Professional Conduct is available upon request and will be presented to the students upon their acceptance into the program.*
