Technology (HIT) Program

Associate of Applied Science Degree

Our next Health Information Technology (HIT) Associate degree (AAS) program start has been postponed, and will definitely not be starting in Fall 2021. We are in the middle of a curriculum change, and anticipate the date to begin in Fall of 2022 for the future cohort of HIT AAS students will be able to begin.

More information will be posted on the [Health Information Technology website](#) as it becomes available.
