CLINICAL REQUIREMENTS OVERVIEW

As a student of the College of DuPage (COD) Nursing and Health Sciences Division programs, the completion of all clinical requirements is mandatory. Depending upon the program to which you are applying, medical requirements may need to be completed prior to registration or after program admission. Please see the specific program registration or application packet for detailed information on when to begin completing health requirements, drug tests, CPR, criminal background checks and proof of insurance submission.

Clinical agencies require the names of students who will be participating in a clinical or professional experience at their facility. Additionally, clinical agencies may request personally identifiable information (PII), protected health information (PHI), background check and drug screening results. When requested, the Nursing and Health Sciences Division would be required to provide these documents.

College of DuPage has partnered with Edward Occupational Health (EOH) to ensure compliance of students' medical requirements. Any charges are the student's responsibility and are due at the time of service. It is recommended that students verify with their insurance provider whether required services are covered by their personal health insurance. It is ultimately the student's decision where they complete their health requirements. EOH, or provider of your choice, may complete all of the services; however, EOH **must** complete the required chart review. Please note: College of DuPage will not receive any of your medical records; they are your and your health care provider's responsibility and property. **EOH will provide a clearance form directly to you and College of DuPage.**

To access EOH's services, call the various location(s) (see page 7), identify yourself as a College of DuPage student and discuss what services you need. You must bring all required documentation to EOH for a Chart Review.

The background check and drug screen must be completed through the College of DuPage **CastleBranch account**. CNA students' background checks will be completed after registering for the course.

CLINICAL REQUIREMENTS INFORMATION

The following immunizations are mandated by the clinical site (on-campus & off-campus) and are important for our commitment to public safety including personal safety from exposure to potential disease during clinical work.

Please **do NOT** begin until instructed to do so by the Division Office

Requirement	What
Physical Examination	A summary of the physical exam performed by your primary care provider (i.e. MD, NP)
Flu Vaccine	Vaccine given annually. (The flu vaccine is seasonal and changes every year in the Fall). You must obtain proof of the current flu vaccine. <u>Proof of current vaccination MUST include the following:</u> (1) Student name (2) Clinic name (3) Date administered (4) Lot Number (CNA Only)
Tetanus/Diphtheria/Pertussis Vaccination (TDAP)	Obtain a one-time dose of TDAP if you have not previously received. Obtain TD boosters every 10 years thereafter.
QuantiFERON TB Gold Blood Test	Blood test that aids in the detection of <i>Mycobacterium tuberculosis</i> , the bacteria which causes tuberculosis (TB). This test is done annually. A positive QuantiFERON-TB Gold result means that the person has been infected with TB bacteria and should be followed by further medical and diagnostic evaluation to determine if the person has latent TB infection or TB disease. A chest x-ray will be required.
Titers for: Hepatitis B Titer Varicella – (Chicken Pox) MMR – Rubeola (Measles), Mumps and Rubella (German Measles)	Documented antibody/IGG (quantitative) titer levels indicating immunity (blood draw to demonstrate your immune status to identified communicable diseases). To be effective, the blood test must indicate that you are positive for immunity.
Chart Review <u>MUST</u> be done by Edward Occupational Health	All medical records must be reviewed by Edward Occupational Health. A clearance form will be completed at your appointment. Please allow plenty of time to get all requirements completed and reviewed by Edward Occupational Health.
CPR Card	Must be American Heart Association – BLS for Health Care Providers . Card must be signed by student. Must be valid through the entire length of chosen program. Some programs complete in class such as CNA & EMT . Contact program for more details.

Requirement	What
	(Some programs will complete this requirement during class. Please refer to your program specific clinical instructions for more details.)
Medical Insurance	<p>Can be purchased through the college’s insurance carrier. Please visit Student Health Insurance website for details.</p> <p>Must be comprehensive health insurance and valid through entire length of chosen program. The student is responsible for any costs that may be incurred related to personal injuries he/she may acquire while performing activities at the clinical affiliate.</p> <p>If you do NOT have health insurance, please see potential resources below on how to obtain coverage. Please know that the approval process can take up to 90 days.</p> <p>If you had a “Life Event” change, then you may qualify for a Special Enrollment Period (SEP). Please visit https://getcovered.illinois.gov/special-enrollment-period/special-enrollment.html to view list of “Life Events” to see if you qualify.</p> <p>OR</p> <p>If you did not have a “Life Event” change from above, you should start the application process for Medicaid NOW, by visiting Applying for Medicaid.</p>
CastleBranch	
Medical Document Manager - excluding EMT students	If required by your program, all medical documents must be uploaded to CastleBranch once the chart review is complete. Students will have unlimited access to their Medical Documents through graduation and beyond.
Background Check - excluding CNA students	<p>Background Checks are completed through CastleBranch. Please do NOT begin until instructed to do so.</p> <p>Background checks for CNA students follow a program-specific process. Please consult the C.N.A registration packet for details. Additional information is provided after registration approval.</p> <p>All students are required to undergo a criminal background check in order to participate in the programs clinical rotations. A student with a positive background check containing disqualifying conditions as defined by Federal and State law will not be allowed to enter the clinical portion of the program. A student with a positive background check containing disqualifying convictions as defined by Illinois State Law (225ILCS46/25) and 77 Ill Adm. Code 955 Section 955.160 will not be allowed to enter the clinical portion of this program, thus preventing the student from obtaining mandated certification and/or licensure.</p>

Requirement	What
<p>Drug Test</p>	<p>A 12-panel urine drug test will be used to identify the presence of Marijuana, Cocaine, Phencyclidine, Amphetamines/Methamphetamines, Opiates, Barbiturates, Benzodiazepines, Methylenedioxymethamphetamine, 6-acetylmorphine, Oxycodone, and Buprenorphine. Please do <u>NOT</u> begin until instructed to do so. (Refer to specific program instructions for appropriate package code and further details)</p> <p>Positive results on a drug screen, or misrepresentation regarding drug use, will lead to immediate dismissal from, or non-admittance to the particular program(s). When a student is dismissed from or not admitted to a program for a positive drug screen, they may reapply to that program, or any other College of DuPage health program for the admission cycle of the subsequent semester. (NOTE: For 8-week programs, the student must wait until the next semester for potential re-admittance). Drug testing (performed at the student’s expense) will again precede clinical experience in all cases and will be required prior to readmission in some programs. Program re-admission policies vary for each program. The student should contact their respective Program Chair or consult the program handbook for additional information. Re-admission is not guaranteed.</p> <p>IMPORTANT NOTE: ‘Positive’ results for Marijuana will <u>NOT</u> be accepted as marijuana is not federally regulated. This means that if you receive a ‘positive’ result for Marijuana, you will <u>not</u> be able to move forward in the program as the clinical sites require a ‘clear’ drug test. FYI, marijuana can remain in your system for at least 4-8 weeks. Please note that even if you had a prescription for medical marijuana, it will still not be accepted.</p> <p>If you receive a “<i>dilute negative</i>” result, this means that your urine was too diluted to obtain an accurate result and you need to re-pay and take a new drug test. Please be cognizant of how much liquid you drink. It is best to try to schedule the test first thing in the morning when the sample will be most concentrated, if possible.</p> <p>Non-compliance will lead to violation of Nursing & Health Sciences Division Code of Student Conduct.</p>

CLINICAL REQUIREMENTS PRICING

Edward Occupational Health Services Offered	Cost
Physical Examination (includes Color Vision)	\$69
Flu Vaccine – Note: The flu vaccine is seasonal and changes every year in the Fall.	\$30
Tetanus/Diphtheria/Pertussis Vaccination (TDAP)	\$85
QuantIFERON TB Gold Blood Test	\$100
Hepatitis B Antibody/IgG Titer	\$54
Varicella Antibody/IgG Titer (Chicken Pox)	\$70
Rubeola Antibody/IgG Titer (Measles)	\$43
Mumps Antibody/IgG Titer	\$33
Rubella Antibody/IgG Titer (German Measles)	\$33
Chart Review - This <u>MUST</u> be done by Edward Occupational Health	\$38
Edward Occupational Health Services Possible Additional Services	Cost
MMR Vaccine (per dose)	\$111
Varicella Vaccine (per dose)	\$178
Hepatitis B Vaccine (per dose)	\$82
Tetanus/Diphtheria (TD-Booster)	\$80
TB Positive PPD Form	\$13
Chest X-Ray	X-ray – Chest 2 views - \$59 Tech Fee – Chest X-ray 2 Views - \$70
CastleBranch Services	Cost
Drug Test – Do <u>NOT</u> begin until instructed to do so	\$67.99

---	---

VARICELLA:

For negative or equivocal titer results:

- If vaccination series was previously administered, one booster is required. Titer is to be completed 4 weeks subsequent to administration of booster.
- If vaccination series has not been previously administered, the series must be completed and followed by a titer 4 weeks subsequent to the completion of the series

Varicella Original Vaccine Series

1st Administration Date: _____

2nd Administration Date: _____

Varicella IgG Antibody Titer

Titer Date: _____ Result: _____

Negative or Equivocal Titer:

Booster Date: _____

Repeat Titer Date: _____ Result: _____

Measles (Rubeola), Mumps & Rubella (MMR):

For negative or equivocal titer results:

- If vaccination series was previously administered, one booster is required. Titer is to be completed 4 weeks subsequent to administration of booster.
- If vaccination series has not been previously administered, the series must be completed and followed by a titer 4 weeks subsequent to the completion of the series

MMR Original Vaccine Series

1st Administration Date: _____

2nd Administration Date: _____

Measles (Rubeola) IgG Antibody Titer

Titer Date: _____ Result: _____

Mumps IgG Antibody Titer

Titer Date: _____ Result: _____

Rubella IgG Antibody Titer

Titer Date: _____ Result: _____

Negative or Equivocal Titers:

Booster Date: _____

Repeat Titer Date: _____ Result: _____

NON-RESPONDERS have been counseled by a healthcare professional regarding precautions to prevent infection.

Initial

Date

1. Records have been reviewed and/or examination has been performed by physician. Based on the information, student is clear to perform job duties without physical restrictions.

2. Cleared with the following restriction (restrictions may prevent acceptance into program).

3. Based on Physician's report and/or other diagnostic findings, student is **NOT** medically cleared for the health program at the College of DuPage.
